Excellent office space in an attractive location in the heart of Vracar. It is situated near Slavija Square, which provides good connections with other parts of the city. The building and the apartment have been completely renovated, with the complete infrastructure needed for modern business. All the advantages of a luxurious salon apartment have been used to the maximum, in an elegant pre-war city residential villa, where new and the classic style are skillfully intertwined, with the best of both. The offices are simply bathed in sunlight almost all of the day, where the large dimensions of the rooms provide a more humane approach to the work process, especially in harmony with the ceiling height making the space airy. Parquet on the floor gives the impression of a warm and quality business space, whose calm energy contributes to better work performance. The offices are salon type, with several offices in a row, interconnected, with the maximally utilized workspace. One or two parking spaces are at disposal for rent for additional price. Impressive space, rarely on offer. Suitable for various activities.
