Excellent studio apartment, housed on the second floor of a building under the protection of the state, located in wider center of the city. Near vicinity of Botanical Garden and the bohemian quarter of Skadarlija, while the very center is within only fifteen minute walking distance. The apartment consists of an entrance hall, where on the left side is a bathroom with a shower cabin, while on the right are built-in closets. Next is a walk-through kitchen, equipped with the necessary elements. From there, one can access the living room, an excellently furnished and decorated 20 m² open space, which exits onto a beautiful french balcony, oriented towards the street. Within the living room there is a small dining area, while a separate wardrobe/utility room is also at disposal. The apartment has recently been completely renovated, including installations. The interior is dominated by beige and white color, bringing in positive energy and harmony. Excellent space, suitable for one person or couple.
