A detached house, in Jajinci area, is situated relatively close to the main road, only 20 minutes drive from the city center. It spreads over five levels and has a functional structure. The ground floor consists of two rooms suitable for business purposes. One occupies about 70 m², and the other of 180m², with ceiling height of 3.3 m. The staircase leads to the residential part, which consists of two floors and an attic with a total of 14 residential units with their own bathrooms. The units are 35-45 m² in size with ceiling height of 2,7 m. Warehouse of 300m² is in the basement of the building, with 4 m ceiling height and garage access. Boiler room and a bathroom are placed in the basement as well. Next to the building there is a parking space for about 15 vehicles. This new, multi-functional building has electric heating per consumption.

Suitable for variety of activities.
