The building is made of corrugated sheet, 3.8 meters high, with asphalt on the floor. It has 2 entrances, video surveillance. Next to it is the porter's house of 10 m². The floor is uneven, and requires a renovation as well as the entire building, for the needs of a serious lease. Very suitable for a car lot, as well as for storing goods that do not require special conditions, as well as for goods that can be outside. Offices are situated in a two story building. Ground floor is large open space with a toilet/bathroom and kitchenette, and occupies 90m². Upper floor is a space of 120m² and consists of two large office, and toilet/bathroom.
