Good apartment, on the third floor of a building near Hotel Jugoslavija and promenade. Excellent location, well connected to the city center by car, as well as with many lines of public transport. There is plenty greenery in the neighbourhood, while the building is surrounded by parking. The apartment consists of one room which is a living room, a separate kitchen with a dining room and a bathroom with a shower cabin. The space is comfortable and bright. It is equipped with relatively new furniture. Suitable for single person or a couple.
