Apartment in an excellent position on Banovo brdo. It is located in the zone of family buildings between the green market on Banovo brdo and the Kosutnjak forest. The apartment is housed on the high ground floor. It is fully equipped and has a small terrace connected to the yard. Furniture is relatively new. From the living room, a circular staircase leads down to the lower part of the house. In this part, there is a small, renovated basement for storing things and two rooms with a kitchen installation and an equipped bathroom. The lower area is in good condition, has a newer bathroom and laminate on the floor. The windows are small. This part is suitable for some kind of business activity, such as office, production or warehouse. Property ideal for a combination of a residential and commercial activity.
