Cozy house in the heart of Senjak, in a nice location within the elite zone of the city. Very suitable for families due to the proximity of international schools, and at the same time with various necessary contents such as shops, markets, markets and similar nearby. The connection with the city center is made possible by several lines of public transport, and it is only about 10 minutes away by car. All these amenities enable a comfortable life in a peaceful environment. The street has little traffic, and the house itself has its own, fairly large yard of about 5 ares, within which the tenant can park a vehicle. The house has two levels. On the ground floor there is a living room with a dining area, a fully equipped separate kitchen and a toilet. Upstairs there are two bedrooms and a bathroom with a large bathtub. A smaller bedroom can be visually partitioned, so that two smaller rooms can be created. Very suitable for the life of a family with children. The house has an artistic character, for tenants with a special sensibility, tucked away in a large yard, practically a park, which allows you to spend the whole day outside in the shade of tall trees, away from the hustle and bustle of the city.
