Semi detached house placed in a peaceful Vozdovac street close to shopping mall Stadion. It is situated between two streets with large traffic frequency and at five minutes driving distance from highway inclusion. Location is abundant with greenery, while in the neighbourhood are mainly family houses. Small yard in the back is at disposal. The house spreads over four levels, while facade is made of red facade bricks. First level consists of living room with dining area, exit to a terrace, kitchen and toilet. First and second floor have the same layout: two bedrooms with a bathroom. From one of bedrooms on the second floor staircase leads towards the upper level which is organized as open space studio. One small studio apartment with an exit to a yard is placed on the ground floor. There is a second entrance to the house, placed sideways. The house is currently furnished in classical manner, but it could be rented without furniture as well. Every level is equipped with air-conditioner unit. Large house with functional layout is suitable for family life, also for business activities. One parking space in the garage and one parking space in front of the house are at disposal.
